MASON'S HOUSE PROJECT

#thumbsupforfullcircle

Friends of Full Circle...

Term 2 has certainly been a busy one for all of us at FCT, with plenty happening both inside and outside the Centre. We want to take a moment to wish all our wonderful families a much-deserved break. Time to recharge and we look forward to seeing everyone back for Term 3!

Incoming: Mason's House update....

There has been a lot happening at Full Circle Therapies Mason's House project, since our last Newsletter and we are super excited to share some sneaky pics of where we are at.

The front facade featuring classic brickwork that gives it some homely charm, with a set of brick steps leading up to the double door entrance. It feels inviting and friendly, setting the tone for what is waiting inside. There are still a few minor works to be completed, with some finishing touches underway to bring everything together.

EDITION 9

#thumbsupforfullcircle

As you step inside, you're greeted by the long open hallway where all the Therapy rooms connect, creating a bright airy feel. Each Therapy room door features a splash of our signature Full Circle colours adding a playful touch to the space.

Whilst the pictures tell their own story, inside the centre, things are really coming to life with the internal works nearing completion. The flooring is complete, as is the tiling and the painting adds a fresh feel to each room.

Cabinetry is now being installed in the Therapy rooms, for the storing of resources and these are built in giving the Centre a modern feel.

Electrical works are also powering along, with downlights being our choice throughout the Centre. We've opted for dimmable options to create a calm, flexible atmosphere that can be adjusted to suit different therapy needs and moments of relaxation.

We're currently working with local providers to organise furniture and appliance fit-out, supporting businesses within our local community wherever we can, as we have been supported by them throughout the construction project.

The team are also super excited to finally have a kitchen and staff room - a comfortable space for them to take a break, recharge, and connect. It's a much appreciated addition that everyone is really looking forward to using.

An exciting development over the page.....

Moving on to the external works, the re-development and extension of our Therapy Garden and Playground will get underway soon, bringing another exciting element to the Centre. The above plan is a work in progress at this stage as we work towards the final draft.
